

MYKOLA NECHYTAILO

About Me

Associate Professor, Candidate of Technical Sciences (Ph. D.) of Department of water supply, wastewater engineering and hydraulics

 +38 067 636 9850

 nechytailo.mykola@pdaba.edu.ua

 architect O. Petrov street, 24a

EDUCATION

Prydniprovskaya state academy of civil engineering and architecture (PSACEA), Dnipro, Faculty of Civil engineering and ecology

Specialty

«Water supply, disposal, rational use, and protection of water resources»

THE MAIN DIRECTION OF SCIENTIFIC ACTIVITIES

- Surface water treatment using modified ultrafiltration membranes
- Water treatment by membrane technologies. Wastewater treatment by membrane technologies.
- Chemical reagents water-cooling system

EMPLOYMENT HISTORY

Student at Prydniprovskaya State Academy of Civil Engineering and Architecture (PSACEA) 1995-2000

Postgraduate student at Prydniprovskaya State Academy of Civil Engineering and Architecture (PSACEA) 2000-2003

SCIENCE DEGREE

Received the science degree «Candidate of Technical Sciences (Ph. D.)» in 2006.

The subject of the thesis: «Improved Technology for the Preparation and Disinfection of Drinking Water for Small Volume Water Supply Facilities», specialty 05.23.04 – water supply, water disposal systems

ACADEMIC TITLE

Received the academic title of associate professor of «Department of water supply, wastewater engineering and hydraulics and hydraulics» at Prydniprovskaya State Academy of Civil Engineering and Architecture (PSACEA), Dnipro, 2013

SKILLS

Proficient in AutoCAD
